How to Use the IT Services Solution Provider Statewide Contract

Contract #: ITS43SolProv Contract Duration: 07/01/2011 to 07/01/14
MMARS #: ITS43SolProv* Options to renew: No options available
Contract Manager: Marge MacEvitt, 617-720-3121, marge.macevitt@state.ma.us
This contract contains Small Business Purchasing Program (SBPP) and Supplier
Diversity Office SDO Contractors
Last change date: 01/26/14

Contract Summary

This contract is for information technology (IT) professional services to perform fixed price projects. Hardware and commercial software licenses (for example, Microsoft Office) are not covered under this contract. It is for services only.   Types of services include software and systems development, design and integration, IT planning, and Geographic Information Systems (GIS) projects.

This Contract is limited to companies with a gross annual income of more than $2 million with at least two years of experience providing these services. ITS43 Technical Specialists is a similar contract for smaller companies.

The contract does **not** include the following types of services:
- Document scanning
- Web hosting (except for GIS applications)
- Automated network monitoring or similar services
- Equipment maintenance
- Data collection
- Standardized training courses
- Staff Augmentation (temporary staff paid on an hourly rate basis)
- **Any services that are not primarily intellectual work performed by IT professionals**

Benefits and Cost Savings

- Wide range of vendors and specialty services
- Volume discounts
- 70 vendors including many small businesses

Who Can Use This Contract?

Applicable Procurement Law: MGL c. 7, § 22; c. 30, § 51, § 52; 801 CMR 21.00

Eligible Entities:
01. Cities, towns, districts, counties and other political subdivisions

02. Executive, Legislative and Judicial Branches, including all Departments and elected offices therein;
03. Independent public authorities, commissions and quasi-public agencies
04. Local public libraries, public school districts and charter schools;
05. Public Hospitals, owned by the Commonwealth;
06. Public institutions of high education
07. Public purchasing cooperatives;
08. Non-profit, UFR-certified organizations that are doing business with the Commonwealth;
09. Other states and territories with no prior approval by the State Purchasing Agent required; and
10. Other entities when designated in writing by the State Purchasing Agent.

Pricing and Acquisition Method

Pricing

There are no hourly rates associated with these contracts. At least three quotes must be requested for all new projects, by emailing at least three vendors with the specifications for the project and requesting a quote. Many vendors offer substantial Prompt Pay and volume discounts – see Vendor Listing 1 for this information.

Acquisition Method

The only acquisition method is fee-for-service.

How to Obtain Services

Prepare a Request for Quotes (RFQ)

At a minimum, Agencies must request quotes from at least three companies. The "Statement of Work Template" located on the Forms & Terms tab may be used as the basis for a quote request, completing only those sections where information is available prior to Vendor selection. Also, for examples of completed RFQs, please see Document Numbers RFQ_ITD_GIS_2013_01 and RFQ_ITD_GIS_2013_02. These RFQs contain language to be used if your RFQ will be posted on Comm-PASS and will use the "Bidders Forum" for addressing questions from Vendors. To locate these RFQs, follow the directions under "Additional Information" below, but substitute the above Document Numbers.

Determine RFQ Distribution

If IT Bond funds will be used, projects worth more than $50,000 must be posted on Comm-PASS. The posting must indicate that only ITS43 Solution Providers (and other qualified Statewide Contractors, if the Agency wishes) may submit quotes.

Otherwise, you may use Vendor Listings 2 and 3 below to select companies with the appropriate qualifications to perform the project. If there are many such companies, you may consider Prompt Pay, Warranties, Volume Discounts, M/WBE status, Small Business status, or other factors in making your choices. Please see Vendor Listing 1 for this information.

It is NOT necessary to restrict your choice to vendors who list a specialty in the area of your project. Vendors were only allowed to select two broad specialties and 5 more specific specialty areas, and many vendors have additional specialties. Vendors are not limited to providing services in the specialty areas listed below.

Select a Vendor and Negotiate an Agreement
It is not necessary to select the lowest bid. The choice may be made based on "best value" to the Commonwealth.

Statement of Work (SOW) Template
The Statement of Work Template must be used for all engagements. It may be tailored to omit sections/terms which are not relevant or to add new sections/terms, however, Section 11.3, "Title and Intellectual Property Rights," may not be altered without the written consent of the General Counsel for ITD (or the General Counsel's designee).

Section 10 provides that if the Vendor will develop a capability for viewing maps and related information on an internet web site, and if that web site will display map information available through MassGIS web mapping services (e.g., parcels, orthophotos, streets, wetlands), then the Vendor is required to use MassGIS geospatial web mapping services. Agencies may not waive this requirement, but must obtain a written waiver from the Director or Assistant Director of MassGIS if the Vendor cannot or will not comply with this requirement. Contact neil.macgaffey@state.ma.us if such a waiver is needed.

Additional Contract Terms

Subcontracting
You have the right to approve any subcontracts, and the right to a copy of the subcontract.

Performance and Payment Time Frames Which Continue Beyond the Duration of the Contract
If you begin an agreement (SOW) with a Vendor at any time before the end of the ITS43 Solution Provider Contract, the SOW may be for up to three years, even if the ITS43 Solution Provider Contract will end before your SOW ends. After the ITS43 Contract ends, you may not modify the SOW to change the scope, increase the dollar amount, or extend the termination date.

Additional Information

The RFR is posted on the Forms & Terms tab. A "Vendor Information" spreadsheet includes the information shown below in the Vendor Listing in a single spreadsheet. You may find this more practical than the Listings below, since the information can be sorted and used to easily email quotes to multiple vendors.

To locate the Contract (including the Forms & Terms):
1. Go to www.comm-pass.com;
2. Select the "Search for a contract" link (near bottom of page)
3. Enter ITS43SolProv as the Document Number
4. Select the results link which appears at the top of the page indicating that 1

contract meets the search criteria;

5. Select the View icon (eyeglasses) next to the document listed
6. Select the "Forms &Terms" tab to access the Contract Users Guide, the "Vendor Information" Spreadsheet and the RFR.

Vendor Listing 2 – Evaluated Specialties

The four broad specialty areas below were evaluated by the Strategic Sourcing Team. To qualify, Vendors provided detailed descriptions of three projects in a specialty, including scope and outcome, with client references for each project. Vendors could apply for at most two specialties. Vendors are NOT limited to providing services in their qualified specialty areas.

For contact, prompt pay, warranty, M/WBE status, and Small Business status, please see Vendor Listing 1,
